HAIR DEGRADER

Product description

Hair Degrader is an effective enzymatic treatment for breaking down hair and visibly unblocking drains in as little as four hours.

Readily biodegradable, the surfactants contained in this preparation comply with the biodegradability criteria as laid down in Regulation (EC) 648/2004 on detergents and is non-flammable. In addition, the enzymes are biodegradable and friendly to the environment.

Usage instructions

Hair Degrader is a ready to use product.

Run hand hot water into the drain prior to use. Then add a 150ml dose of Hair Degrader. Leave over night avoiding pouring any additional water to the drain following application.

Following overnight dosing run hand hot water into the drain for 30 seconds.

Stubborn blockages may require repeat applications.

Health & Safety

Hair Degrader contains enzymes. Avoid breathing product spray. The material should be handled under good housekeeping practices. Wash hands

after use. Keep away from drinking water sources. Product is non-flammable and biodegradable. For best results, store product in a cool, dry place.

Key Facts:

- Enzymatic action
- Biodegradable
