

# HOLLYWOOD

## HAIR DEGRADER

Enzymatic, biodegradable and environmentally friendly

### The Problem – Horrible hair-clog

**Where?** Hair-wash basins, sinks and showers in hairdressers, hotels, guest houses, B&Bs, halls of residence, sports and leisure centres, etc

### The Solution – **HOLLYWOOD** Hair Degrader

An effective enzymatic treatment for breaking down hair and visibly unblocking drains in as little as 4 hours.

#### **HOLLYWOOD** Hair Degrader

works first by degreasing the hair that makes it stick together, this allows untangled hair to freely flow away. Then the enzymes go to work breaking up the clog into small particles which will readily rinse away.

# HOLLYWOOD Hair Degrader Works!

You don't need to use much either. A 150ml dose of **HOLLYWOOD** Hair Degrader left overnight will normally do the trick and remember the enzymes are biodegradable and friendly to the environment.

**'Totally Non-Acidic and Non-Caustic'**

Packed in 6 x 1 litre bottles
